Making Money as an Author on YouTube
This class will go over best practices to be able to earn money from your audiobooks up on YouTube. We'll talk about how to please the YouTube algorithms, what thresholds you need to hit in order to monetize, and how to get people to your channel. Don't have any audiobooks? That's okay! We'll also talk about how to inexpensively create them, and other ways to use YouTube to bring people to your work.
